# ITS Architecture Development
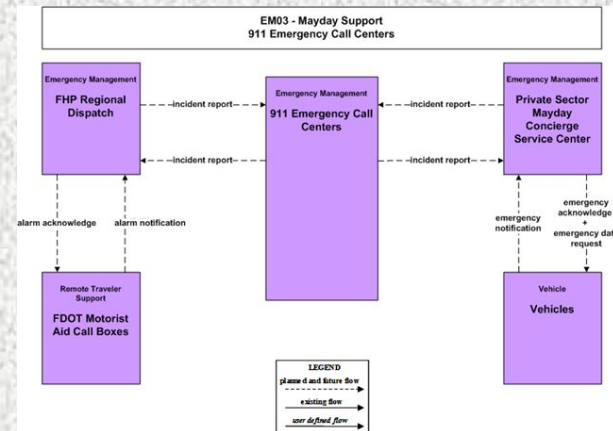

What We Do

- Develop Regional, Statewide and National ITS Architectures
- Aid in the development and maintenance of the U.S. National ITS Architecture
- Rule 940 Compliant focus on development
- Map ITS Projects to the Regional or Statewide ITS Architectures - web based/ user friendly
- Develop and teach courses to the ITS industry

Where We Have Done It

- Developed over 60 Regional and Statewide ITS Architectures!
  - Urban
  - Rural
- Key members of National ITS Architecture development team since its inception
- Presented courses throughout the country in developing, using, and maintaining Regional ITS Architectures

Why ConSysTec?

- Recognized Industry Experts!
- Members of the National ITS Architecture Team
- Web-based outputs
- User friendly architecture outputs based on ITS services (Service Packages)
- Tools to map ITS projects to architecture
